

# *Report of the Director of Audit*

**Audit Commission**

The Government of the Hong Kong Special Administrative Region

## **Capital Investment Fund**

### **Independent Audit Report**

#### **To the President of the Legislative Council**

I certify that I have examined and audited the financial statements of the Capital Investment Fund set out on pages 33 to 38, which comprise the statement of assets and liabilities as at 31 March 2009, and the statement of receipts and payments for the year then ended, and a summary of significant accounting policies and other explanatory notes.

#### **Director of Accounting Services' responsibility for the financial statements**

In accordance with section 16(1) of the Public Finance Ordinance (Cap. 2), the Director of Accounting Services is responsible for the compilation and supervision of the accounts of the Government of the Hong Kong Special Administrative Region, for the management of accounting operations and procedures, and for ensuring that all regulations, directions or instructions made or given under the Public Finance Ordinance relating thereto and in respect of the safe custody of public moneys and its accounting are complied with.

#### **Auditor's responsibility**

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with section 12(1) of the Audit Ordinance (Cap. 122) and the Audit Commission auditing standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance as to whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and proper presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of

expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used by the Director of Accounting Services, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### **Opinion**

In my opinion, the financial statements properly present the assets and liabilities of the Capital Investment Fund as at 31 March 2009 and the receipts and payments for the year then ended in accordance with the cash basis of accounting as described in Note 2 to the financial statements and have been properly prepared in accordance with the Public Finance Ordinance and section 11(1) of the Audit Ordinance.

## NOTES ON THE ACCOUNTS

### 1. Purpose and Legislation

The Capital Investment Fund finances investments in and loans to public sector bodies which are not part of the Government structure and such other bodies as the Finance Committee may specify. It was established with effect from 1 April 1990 by a Resolution passed by the Legislative Council under section 29(1) of the Public Finance Ordinance (Cap. 2) on 14 March 1990. Amendments to this Resolution were passed by the Legislative Council on 6 November 1991. (The Resolution as amended is hereinafter referred to as the Resolution.)

### 2. Accounting Policies

- (i) Subject to (ii) below, the accounts of the Capital Investment Fund are kept on a cash basis. Transactions are recorded when moneys are received or paid, whether they relate to recurrent or capital transactions.
- (ii) The Statement of Assets and Liabilities is structured to include investments acquired and loans made by way of cash, waived land premium, donated works or other similar transactions.
- (iii) For the purposes of these accounts, a contingent liability is defined as:
  - (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Government; or
  - (b) a present obligation that arises from past events but is not recognised because:
    - it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
    - the amount of the obligation cannot be measured with sufficient reliability.
